## Living: let's walk the talk

**Information with application is transformation.** It is only when we apply knowledge that we really get transformation and change.

So, here's a suggestion. How about not leaving a time of prayer without first owning up to a decision or action. **Accept the challenge to make an 'application' in your prayer time.**

Don't leave your prayer chair until you've written your 'to do action' on a bit of paper, or reached a decision, or claimed a gospel attitude of Jesus to practice.

After all, contemplation and action are supposed to go together. **In prayer we get informed about who we are to 'be' and what we are to 'do'.**

**We'd love you to make some comments,** share some youtube sites, photos, weblinks, articles so we can all get inspired in 'livingtheword'.
